

# Centra Sota Cooperative

## Strong roots...

The Centra Sota story began in 1922 when Central Minnesota farmers formed a dairy cooperative and became the first to manufacture Land O'Lakes® butter. Since then, our business has continued to evolve as we strive to not just meet, but to exceed the expectations of our members and our growing base of customers.

## Nurturing growth...

Our knowledgeable, dependable team delivers a comprehensive menu of products and services. Although farmers remain our primary focus, we have expanded to serve non-farmers and local businesses in the communities that we serve with energy products, lawn care services, and advice on caring for companion animals. A core part of our strength stems from innovation, and we strive to be a leader when it comes to everything from new products and techniques to new technologies and best practices.

## Trusted partner...

Above all, Centra Sota is about people — our customers, our members, and our family of employees. Our high standard for customer service is not just a business strategy, it is an essential part of who we are and how we operate.

*Our vision is to be the partner you can count on,  
providing real solutions for today and tomorrow.*
